

Elected to first term 2014

Steve was born in Perth and has resided within Drummond/North Elmsley for the last 30 years. He retired from the Town of Perth after 36 years of service, and brings experience and knowledge in the recreation field and emergency services.

Steve was also a member of the Drummond North Elmsley Tay Valley fire rescue for 14 years and served as deputy chief until his appointment with Perth Fire Department in 2004.

“Considering we are faced with many restricting codes, bylaws, acts etc., I am very pleased with the finances, staff compliment and vision of the Township at the present time. Our fleet, buildings, roads and bridges look to be in great shape.” Issues that he will be bringing to the table will consist of “lobbing with the Provincial representatives regarding OPP billing, the outrageous spending habits at Hydro One and a property standards bylaw for the Township.”

Proud to be your voice on council
